## **MY HOME PURCHASE JOURNEY**

#### I choose my house and options

Imara Properties answers my questions and guides me choosing the options to personalize my home.

#### 🔿 I sign the booking contract

With the booking contract and a 10% deposit, my house is booked at a given price. the booking contract includes a detailed description of the future house (living space, number of main rooms, service rooms, outbuildings and outdoors), a technical notice specifying the nature of the construction and finishing materials, the location of the accommodation in the estate, the sale price and payment schedule, the date of signature of the sales contract at the notary, and the expected delivery date.

3 I sign the sales contract at the notary Two weeks after signing the reservation contract, I sign the sales contract at the notary. The options are confirmed in the sales contract.

4 During the construction phase, I am kept informed regularly about the progress

During construction, newsletters keep me informed of the progress of the work. Visits will be scheduled with Imara Properties to ensure the quality of the work.

5 Upon delivery, I move in or rent out When the keys are handed over, the transfer of ownership becomes effective after payment of the balance. If I have chosen to rent out my property, I can set up the rental management with Imara Properties.

6 I benefit from after-sales service During the following year after delivery, Imara Properties makes every effort to get the construction company in any damage unrelated to normal wear and tear.

### Guarantee

In partnership with the architectural firm **Eaacon**, **Imara Properties** controls the production chain, from design to delivery, including works supervision. **Eaacon** has been present in Rwanda since 2011 and benefits from expertise in architecture, structural engineering and works **supervision**. My purchase and my home are protected by solid legal guarantees: the completion guarantee. For 1 year from the date of receipt of the works by Imara properties, you can report a construction anomaly by registered letter with acknowledgment of receipt. If this is admissible, Imara properties undertakes to take the necessary steps with the contractors concerned so that the repairs are carried out as soon as possible. Excluded are damage resulting from normal wear and tear or abuse. I still have a contact available at Imara properties for my new home.

#### THE ADVANTAGES OF NEW CONSTRUCTION
